# Speaking Directly

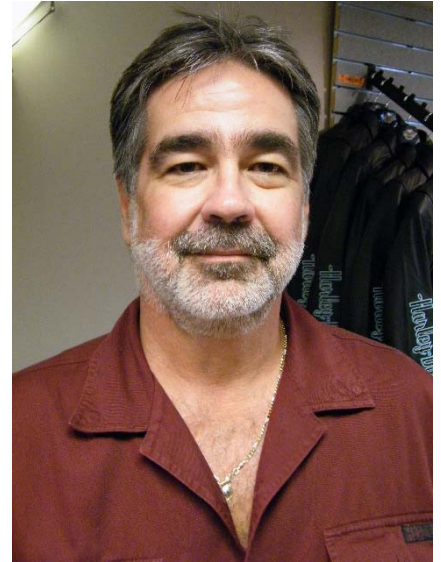

I always wait until the last minute to write my article. Not so much because of procrastination, but to make sure I have the latest and greatest information to share with the Chapter.

On Sunday, October 13th, we participated in the Dealership's ride for Gilda's House named for Gilda Radner, the comedian/actress. We are truly blessed to have so many of our members, friends and relatives still with us today that have conquered cancer with the help of foundations like Gilda's. For those who were not there, or did not hear Joel's announcement, 100% of the proceeds from the ride were given to Gilda's House, and that money stays in Broward County.

Hopefully, everyone is up to date on the events through the end of the year AND now you can check and see our "guideline" through June 2014. Notice the word "guideline"!!!! As we have all been told, "The only thing constant is change." These are the ride suggestions we put together at our recent activities meeting. Some of the scheduled rides will stay the same and others will be shuffled around to protect the innocent. Dave Spallinger, Activities Officer, has a list of "Drill Team" events for the next few months. These will also be posted on our website.

Currently, we are planning a Chapter trip to Chester's in Mesa, Arizona. More details will follow, but we are planning rides on April 7th thru April 11th, 2014. We are also working on having our motorcycles shipped to Chester's so we can all ride our own. Currently, 2 wheelers are estimated at \$500-\$600 per motorcycle, based on 25 motorcycles. We are planning to hub out of Mesa and do five one-day rides. This way everyone can pick and choose which rides they want to go on and those they may want to skip. Rick Van Alphen of Lagniappe Tours, one of our advertisers, is looking into hotels in Mesa. Tony Beyer and Murphy are very familiar with the area and I am sure we will all have a great time.

March 22nd, was selected to return to Pirates Cove. Di and Marc Addis are making plans and this year's ride will certainly be another "sell-out." As with any of our overnighters, you should book early. This year, Pirate's Cove will only be one night, officially. The route has not been finalized yet but

whatever they choose, as usual it will include lunch.

If I, or any member of the board, can do anything to make your HOG experience more exciting, Please feel free to contact us. We are here to help. Remember, when it all comes down to it, "We are a motorcycle club. It's all about the ride." See you on the road, at our rides or at the meetings.

# Sunshine Column

Hello HOG Family,

Congratulations to Joe Planer and Renee Haley as they are now Mr. and Mrs. The wedding took place in Las Vegas. In attendance were friends and family including Joe's 99 year old Grandmother! What a joyful occasion! Lots of love and years of happiness to you both.

Our condolences go out to members Helen Morgan and Jeff Yarish on the passing of their mother. Lillian Yarish Kutler was 90 years old. She lived in Florida. Her funeral was on Long Island, New York. Donations can be made to the Alzheimer's Foundation in her memory. We are so sorry for your loss.

Welcome back to our Snowbird friends-it is good to have you with us again. Our chapter looks forward to your return and participation in our events and rides. You will find our Chester's Harley Davidson is an awesome place to hang. Free hot coffee and cold water everyday. Come shop in our new fancy Hog Pen. I am sure you need a new shirt, patch or hat!

By the time you read this article, the chapter will have returned from the Hog State Rally in Ft. Walton Beach. Thanks to Gary Jones for keeping us "in the know" I am confident that a good time was had by all. We have lots of upcoming events to look forward to...come when you can and leave when you must.

Please keep in touch so our Hog family can stay connected. Email me at [Sunshine@flhog.com](mailto:Sunshine@flhog.com) with your news to share.

# Safety Article: Riding Motorcycles at Night

Night riding is one of the most enjoyable experiences you will encounter on your motorcycle. However, night motorcycle riding can also be an extremely dangerous activity as it is difficult for some motorists to see you and respond by avoiding you. The following will be some helpful hints that can make your night motorcycle riding safer and more enjoyable.

Safety comes through increased road presence. While your bike is 1/2 the size of typical SUV, there are steps you can take to increase your visual road presence to something much larger. It's a proven fact that larger vehicles are easier to see and avoid. With the next few steps, you can greatly improve your road presence and help avoid an accident with another motor vehicle.

The most common cause of accidents and death for motorcyclists is a motorist turning left and into the pathway of the biker. Other types of common accidents are intersections and rear end collisions. The techniques herein are designed to improve your day and night presence and help other motorists to see you.

Reduce your speed -it may take more time to identify an obstacle on the road give yourself time to avoid it while still giving the group to follow suit. While hand signals are important, they are not as visible at night. Use the turn signals provided on your bike. Having full control of the bike is more important than a hand signal.

Wear bright clothing. Black leather jackets look good in the day, but for night riding, you will want to consider wearing something that reflects light. Consider adding a fluorescent highlight on the back of your jacket (vest), a smart message. Consider placing fluorescent strips on your helmet for the same reason.

Motorcycle Lighting. Good lighting is a crucial factor in your safety. In the quest for stylish lighting, many manufacturers undersize brake lighting and most will aim the headlight lower to the street than the legal angle allows. Your first step is to examine your front and rear lighting. If you have a tiny brake light (conventional) consider switching to an LED style light.

Check with your dealer for advice. Check your headlight aiming angle. Raise the beam to the maximum angle allowed by your state. This can be accomplished without special tools. Check owners manual for instructions or ask your dealer to accomplish this for you. Also consider replacing your bulbs with super bright DOT approved LED lights and again your dealer can be most helpful. You may want to add some reflective tape to the back of your bike.

Ride Safe!

## FT. LAUDERDALE HARLEY OWNERS GROUP!

Come see some old friends, meet some new friends, and enjoy our complimentary bagels and donuts while learning about FL HOG and how we ALL ride safely in a group. If you have never ridden in our group, you are missing out on a great time.

Our experienced Road Captains present an orientation to the Chapter. They cover how our chapter rides in a group, answer all your questions, and then they lead us off through the city, highway and rural roads to enjoy a ride using our group riding skills.

Be at Chester's Fort Lauderdale Harley Davidson at 9:00 am on **Saturday November 9th**, be ready to make new friends and most of all, be ready to ride!

## IMPORTANT CHAPTER RIDE POLICIES

In the event that inclement weather interferes with our scheduled rides, please be advised of our long-standing policy regarding cancellation of a ride. While it is always a member's option to go on a chapter ride whenever we have inclement weather, a decision will be made by the Lead Road Captain whether the SANCTIONED ride will take place. Riding in inclement weather is a safety issue we should always consider. The formal cancellation of a ride will occur at the time and place the ride begins. The Lead Road Captain running the ride will be present at the designated time and place the ride begins to advise those present of the decision.

While the HOG Ft. Lauderdale Chapter #3343 always promotes riding, we have a responsibility to our members, H.O.G. National, our sponsoring Dealer and Harley-Davidson. All participants in our rides must be a current member of H.O.G. National and our local Chapter. All members are issued a local membership card that must be shown at the time of the ride. If the card is not available, a waiver must be signed prior to the ride. Guests are allowed on up to 3 rides and must sign a waiver prior to each ride. At the 3rd ride, Guests will be asked to become a member. Participants without membership cards or signed waivers will not be allowed to participate in any Chapter events. Guests are not allowed to participate in the fourth event. Thank you for your understanding and cooperation.

# September - October Photos

# THE LAST WORD

Two hours and sixty-six miles of police escorted riding back and forth across Broward county all without putting our feet on the pavement once from start to finish! Of course I'm talking about the Chester's sponsored "Ride for the Twins" to support Gilda's Club and raise awareness for breast cancer survivors. It was a great day for a great cause! Check out the pictures online and maybe even order yourself a pair of those new high visibility riding shoes like Marc wore!

It's Rally time!! By the time you read this we'll be back home, but as I write, we're one week away from leaving for Fort Walton Beach. Thanks in advance to all the participants. It will certainly be a great time. By my next article I should be able to start telling you about the 2014 Rally!

As I've been doing in my last couple of articles, I want to once again remind you about our support for Wreaths Across America this year. The donations are starting to come in a little faster now and we're up to 40 wreaths sponsored. Of course, the chapter has committed to matching all of the donations up to \$2500. We'll be making a big difference on December 14th when we take our chapter ride to South Florida National Cemetery in Lake Worth to assist with placing the wreaths on all the gravesites. If you haven't already done so, please visit our customized Wreaths Across America web site at [waa.convio.net/goto/flhog](http://waa.convio.net/goto/flhog) to learn more about this great cause and to make your donation. If you've not seen the

cemetery with all the wreaths in place before, it is a sight to behold and you'll feel great for having been a part of it! We held an activities planning meeting earlier in October. Lots of folks brought their ideas for destinations and we have a lot of fun lined up through the rest of this year and the first half of 2014. It's shaping up to be a fabulous mix of short rides, longer day rides, some overnights and even a "trip of the year". You'll be hearing more and more about our "trip of the year" throughout these pages and at upcoming meetings but the short story is we'll be heading out to Mesa, AZ the week of April 7th. We're looking at options to fly out and ship our bikes so we can focus on riding in the Mesa area. We plan to meet up with the folks from Chester's HD in Mesa and they promise to clue us in on some of the best riding in the area. Mark your calendar now and more details will be forthcoming.

There's an occasional chill in the air these days (work with me here, use your imagination). Cooler riding temperatures are upon us. Heck, we rode a little on A1A last weekend and not a single bike overheated. We're starting to see some of our friends that seek out cooler temperatures during our summer months back around for our rides and activities. What a great time of the year! Before you know it the holiday season will be in full swing and there will be tons more HOG family fun to close out the year.

Our chapter just keeps getting better and better! If you have any feedback on things you like or things you would like to see changed, please don't hesitate to let me, or any
