Saddle Up, Let's Ride!

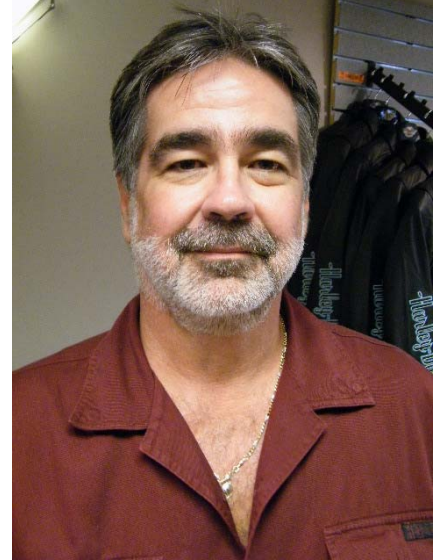

Less than 1,500 miles from Ft. Lauderdale is a town called Kansas City, Missouri. I didn't think I would ever need, or want, to go there in February, but this was the location we chose to attend HOT (Harley Officers Training). This location was the first of four cities in which HOG National will host its annual series of seminars. Due to the "Hogs in the Desert" ride April 6th thru 12th, this was the closest location that did not have a conflicting date. We arrived just in time for lunch. Since the weather lately has been a topic for a lot of people, we saw rain, hail, sleet and snow and that was just the first hour. A lot different than the weekend most of you had in Ft Lauderdale for that same time period.

Harley-Davidson chose this venue to introduce a new motorcycle called "Street". This model is geared more toward the urban rider AND it promises to "sound like a Harley". (This was the biggest complaint about the V-Rod; it didn't sound like a Harley.) This newer model is a little smaller than most, but very attractive and agile. Harley has a plan to expand their market by bringing in younger riders with a more affordable motorcycle and the Street fills that market gap. I did hear a proposed street price but I could not get a confirmation, so I will only say that the number I heard was less than the cost of a Sportster.

Harley's focus for all HOG Chapters is simple; "Let's Ride" or get more "Butts on Bikes". People bought their bikes to ride, so let's ride. I tried to explain that we rode over 250,000 miles last year and as any good leader their answer was "why not shoot for 300,000?" We will be looking at our calendar over the next few weeks with this in mind.

Dave Spallinger did an excellent job at the activities meeting in January and we have another activities meeting coming up very soon. Please plan to attend and give us your ideas for rides to places that you find exciting or fun.

True to form, your chapter was there to learn a thing or two about other chapters. Every year we end up talking about our Chapter so much that it is hard for us to realize that other Chapters are not as fortunate as we are. Many chapters don't have a "Welcome to the Family", "Birthday Bike Night" or an organized Road Captain program. Many Chapters plan only 1 or 2 rides a month. I told them "we feel bad if we only have 1 or 2 rides a week"

As always, if I, or any member of the board, can do anything to make your HOG experience more exciting, please feel free to contact any one of us. We are here to help. Remember, when it all comes down to it, "We are a motorcycle club. It's all about the ride." See you on the road, at our rides or at the meetings.

Jim Zimmerman, Director
Fort Lauderdale HOG 3343

PS: We are diligently working on new rides and events, especially with our Dealership and Drill Team, for next year. Keep checking the FLHOG.COM calendar for future events.

*It's Not The Destination...
It's All About The Ride!*

Hello Ladies,

At our next L.O.H./Chapter #3343 meeting (March 4th) we will begin our registration for the Annual H.O.G. Picnic.

A SPECIAL THANK YOU to Joy, Linda, Kathi & Wilma for helping me with the L.O.H. 'Welcome to the Family' superb grilling – magnificent job Ladies! Thank you also to J.B. for donating the lettuce, spectacular tomatoes & chips.

Remember too, Chester's provides us our 15% discount on 'WTTF' day.

Reminder: Our Ladies Dinner on Thursday, March 13th at 7:00pm will be held at LaBamba – 5452 West Sample Road – Margate. If you have not already informed me and you would like to attend, please call me by March 10th deadline.

Lastly, remember Birthday Bike night is March 18th at Muddy Waters – Deerfield Beach at 6:30pm – please come celebrate the March Birthdays!

Gone riding- be back whenever . . .

Safety Article: RIDING WITH ABS

I've always had old bikes and have never ridden a motorcycle with ABS. What do I need to know?

An anti-lock braking system uses sophisticated electronic sensors to automatically release brake pressure prior to the wheel locking up and the tire skidding, helping the rider to retain directional control and sometimes shorten stopping distances in straight-line emergency braking situations. ABS can also reduce stopping distance on wet or slippery surfaces and boost rider confidence because of the ability to prevent wheel lock-up.

ABS does not prevent slippage and slide-outs when the tire reaches its limits of adhesion when cornering.

Your braking technique does not have to change much to ride a bike with ABS. In normal braking situations, the ABS will likely not engage, so you will not notice any difference. When you break hard, or brake on a slippery surface, the ABS may sense an impending wheel lock-up and you may feel a pulsation through the lever/pedal as the pressure relief valves cycle on and off to help the tire maintain optimum traction.

Consult your owner's manual for the operating details on your model's ABS. Some models allow you to temporarily turn the ABS off for more effective braking in certain situations.

Most importantly, having ABS doesn't mean you can ride recklessly and expect the system to save you. ABS and other technological advancements are fine aids, but should not be considered a replacement for sound knowledge, understanding and judgement when it comes to stopping safely.

Ride Safe!

WELCOME TO THE FAMILY

*All Members
Bike 'n Bagel Day*

FT. LAUDERDALE HARLEY OWNERS GROUP!

Come see some old friends, meet some new friends, and enjoy our complimentary bagels and donuts while learning about FL HOG and how we ALL ride safely in a group. If you have never ridden in our group, you are missing out on a great time.

Our experienced Road Captains present an orientation to the Chapter. They cover how our chapter rides in a group, answer all your questions, and then they lead us off through the city, highway and rural roads to enjoy a ride using our group riding skills.

IMPORTANT CHAPTER RIDE POLICIES

In the event that inclement weather interferes with our scheduled rides, please be advised of our long-standing policy regarding cancellation of a ride. While it is always a member's option to go on a chapter ride whenever we have inclement weather, a decision will be made by the Lead Road Captain whether the SANCTIONED ride will take place. Riding in inclement weather is a safety issue we should always consider. The formal cancellation of a ride will occur at the time and place the ride begins. The Lead Road Captain running the ride will be present at the designated time and place the ride begins to advise those present of the decision.

While the HOG Ft. Lauderdale Chapter #3343 always promotes riding, we have a responsibility to our members, H.O.G. National, our sponsoring Dealer and Harley-Davidson. All participants in our rides must be a current member of H.O.G. National and our local Chapter. All members are issued a local membership card that must be shown at the time of the ride. If the card is not available, a waiver must be signed prior to the ride. Guests are allowed on up to 3 rides and must sign a waiver prior to each ride. At the 3rd ride, Guests will be asked to become a member. Participants without membership cards or signed waivers will not be allowed to participate in any Chapter events. Guests are not allowed to participate in the fourth event. Thank you for your understanding and cooperation.

THE LAST WORD

I'm writing this at 35,000 feet as we head home from Harley Officer Training (HOT) in Kansas City. What an event! More on that in a minute.

If you've been on any recent rides with us, you've surely noticed that we are getting phenomenal participation. The last two Sunday's in a row we had over 50 motorcycles along for the fun. I know I haven't experienced anything like it since I've been with the chapter and I've heard others make similar comments. One was a longer ride, one was shorter, one was to a festival and the other to a restaurant for lunch. I'm not sure what the magic sauce is that's getting us this level of participation but we're going to keep doing what we do and I sure hopes it continues and even grows! There's nothing quite like getting together with 50 or 60 of your family members for a beautiful motorcycle ride! If you haven't been out riding with us lately, come join us. You'll be glad you did. Let's Ride!

HOT in KC! Well not exactly hot, not even warm with temps in the 20's, but still some hearty souls rode in from places like central MO. For those of you that are wondering what this is all about, each year HOG National invites up to six chapter officers from each chapter to attend one of typically four training events around the country. This year six of us joined about 350 other chapter officers from across the country in KC. We chose KC mostly because various schedule conflicts prevented us from attending other locations like Las Vegas, Hershey or Milwaukee. This was the first HOT training for 2014 and like everything that HOG does, it was impressive! We flew in Thursday and classes started at 8am Friday morning. We attended various breakout sessions and general sessions until 5pm on Friday and then had a similar day on Saturday until about 4pm. The training covers everything from the financial and legal aspects of running a chapter, how to put on better rides and events, the ins and outs and dos and don'ts of using social media and so on. I've been to a lot of corporate type training events along these lines and what HOG National does for their chapter leadership is second to none! All the officers that attended came away with a lot of information and ideas for our chapter. We'll be rolling some of these ideas out over the coming months.

One of the main responsibilities of the Assistant Director is to be the coordination point for our chapter's participation in the FL State HOG Rally. I plan to do that job well, but y'all make it pretty easy for me. If you think you might want to attend, but you're not really sure, just ask anyone that went last year. We had a fantastic time! We covered it all. We had great rides in the area. We had stellar parties, some sponsored by the rally and some more impromptu chapter get togethers. We had music, vendors, biker games and even got to see our own drill team make us all proud with their unparalleled demonstrations. This year we are back in Fort Walton Beach from October 21st through

October 25th. Register online at www.flstatehogrally.com. Also be sure to make your hotel reservations right now as they sell out fast (1-800-874-8962 or online).

Well, I covered a lot of ground (both in the article and in the plane). We'll be back in FL shortly where we can go outside without a coat and without shivering. Don't forget our picnic coming up later this month (Sunday, March 30th) and I hope to see all of you on some upcoming rides!

Our chapter just keeps getting better and better! If you have any feedback on things you like or things you would like to see changed, please don't hesitate to let me, or any member of the board know. We're all here to make this the best HOG chapter around.

Ride Safe!
