# Speaking Directly

It's Monday morning at 9:30am. I just landed in Charleston, SC, via Delta Airlines, after spending the weekend riding 755 miles with 21 friends and family on the "Tavares...Screw it, Let's Ride" weekend event....and I do mean Event. This ride defines the title to a "T"

We started early Saturday morning, 8:00am from WPB, and rode until 4:30 pm when we reached Tavares, FL. We/I have a saying "You can't ride all day unless you get an early start." Well, I have that saying about drinking too, but that is only a saying. NO ONE in our group is allowed to drink until the kick stands are down. On Sunday we rode from 8:00 am until 6:30-7:00, depending on where you live, and logged up to 790 miles. Yes, this was 2 full days of riding, fun, excitement and friendship. All I can say is, if you missed this ride, you really missed a great weekend.

Most of us were absolutely clueless as to where we were going, myself included, but that added to the fun. We journeyed over many of the roads that Major Todd and Gary Jones discovered by researching "Great Rides and Roads of Florida." Major told Diane and I that we were actually on about 5 roads that are listed as scenic in different publications and websites. Many people would do one and go to lunch. Not us, we went from one to another and so on. Just when you thought we were going to turn left, they turned right and vice versa. PERFECT.

With this all being said, our next adventure is Diane's Breezy Palms. We depart Sunrise Harley-Davidson Friday September 12th at 8:00 am. Please come hungry because our first stop is breakfast at the Miccoosukee Casino. We will continue to head towards Marathon with several stops in between for ??????? We will arrive at the Breezy Palms for pool time, a few beverages and relaxation. Saturday, coffee under the Tiki will be available at 6:30'ish. We depart for KeyWest at 8:00 am, again with a few stops along the way.

We return to the Breezy Palms for more pool time, a few more beverages and relaxation before dinner and dancing

under the Tiki hut and the stars. We can only hope the weather is as perfect as last year. We plan on having about 55 attendees this year. This is a weekend you don't want to miss.

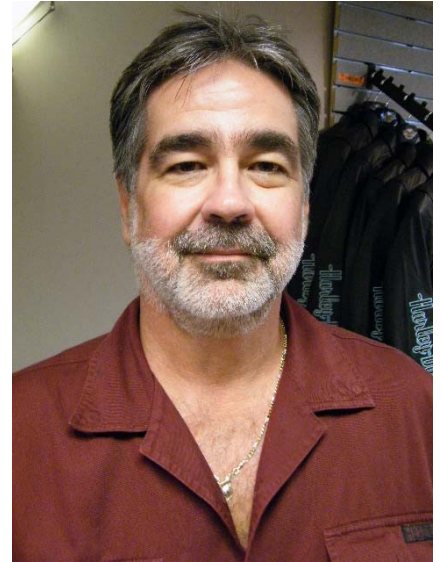

By the way, I don't have to remind everyone of the heat but you will notice the

photo of a credit card left in the sun in Diane's car. It was only in her car 8 hours. This is a cruel form of plastic surgery "removal of the credit card" but you can only imagine our heads inside of a helmet on the highway. Please remember to hydrate as much as possible.

If I, or any member of the board, can do anything to make your HOG experience more exciting, please feel free to contact us. We are here to help. Remember, when it all comes down to it, "We are a motorcycle club. It's all about the ride." See you on the road, at our rides or at the meetings.

# Safety Article: Peer Pressure on the Road

Have you ever noticed how most of us Lone Wolf, Bad Ass Bikers all look and act pretty much the same? Think about how we dress in black when it's 90 degrees, and rev our loud pipe just because we are sitting at a stop light. How about them Sport Bikers? They love to rev too don't they, with their full face helmets perched on the top of their head waiting at the light, or maybe popping a wheelie down US 1 or hitting 150 MPH out on Hwy 27. Peer pressure can be awfully powerful whether used positively or negatively - - peer pressure works. So how can we use positive peer pressure to make the club safer. A Good Motorcyclist is defined as someone who has the desire and motivation to reduce risk. Is that your priority?

How could you use positive peer pressure to hone you and your buddies riding skill?

How about you and your buddies spend a day or two taking a Motorcycle Safety Foundation course or attending a skills practice session with your Drill Team and Road Captains or attending an orientation ride to keep your riding skills and group riding skills sharp.

How could you keep drinking and driving under control while enjoying a Sunday group ride? Use positive peer pressure. As a group let new and existing members know It's not cool to drink and drive. "We don't drink alcohol until the bike is parked for the night" Let me buy you an ice tea.

How about use of proper riding gear?

DOT approved Helmet, over the ankle footwear, long pants and long sleeves, eye protection and full fingered gloves are considered proper riding attire. . Helmets save lives, they keep the wind, sun and debris off your face, head and eyes. Do you remember when the helmet law was relaxed a few years ago? About half the riding community over night stop wearing their helmet. Some I am sure thought looking cool was more important than safety. Since than fatalities due to head injuries have continuously climbed. Were these riders motivated to reduce risk or to look cool? Where is your focus? As a Chapter let members know that proper riding gear is awesome and we all do it to ourselves and our club members safe.

Negative peer pressure has created a lot of bad habits in the motorcycling community how about using POSITIVE peer pressure to bring about safer riding behavior.

Ride Safe!

Our experienced Road Captains present an orientation to the Chapter. They cover how our chapter rides in a group, answer all your questions, and then they lead us off through the city, highway and rural roads to enjoy a ride using our group riding skills.

## IMPORTANT CHAPTER RIDE POLICIES

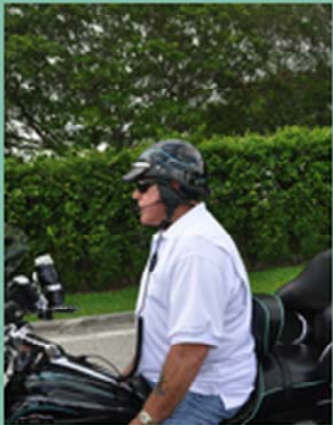

In the event that inclement weather interferes with our scheduled rides, please be advised of our long-standing policy regarding cancellation of a ride. While it is always a member's option to go on a chapter ride whenever we have inclement weather, a decision will be made by the Lead Road Captain whether the SANCTIONED ride will take place. Riding in inclement weather is a safety issue we should always consider. The formal cancellation of a ride will occur at the time and place the ride begins. The Lead Road Captain running the ride will be present at the designated time and place the ride begins to advise those present of the decision.

While the HOG Ft. Lauderdale Chapter #3343 always promotes riding, we have a responsibility to our members, H.O.G. National, our sponsoring Dealer and Harley-Davidson. All participants in our rides must be a current member of H.O.G. National and our local Chapter. All members are issued a local membership card that must be shown at the time of the ride. If the card is not available, a waiver must be signed prior to the ride. Guests are allowed on up to 3 rides and must sign a waiver prior to each ride. At the 3rd ride, Guests will be asked to become a member. Participants without membership cards or signed waivers will not be allowed to participate in any Chapter events. Guests are not allowed to participate in the fourth event. Thank you for your understanding and cooperation.

Head Road Captain

# THE LAST WORD

Another Tavares overnighter is in the books! We just got back from a two-day, one night, 750 or so mile adventure. To say that we rode to Tavares to spend the night and then came home would not quite convey what this overnighter is all about. As I'm writing this we've only been home for about 24 hours so some might say it's all about a sore butt. That will fade, but the memories will last.

We rode some back roads up through the center of the state, saw a couple of landmarks along the way, sweated (a lot), ate catfish, donned our rain gear (a.k.a. Gary Gear), stopped for the night, had some pool time, a few adult beverages, a little dinner, a sing-along (Alice?) then woke up and did it all again. While some on the ride may question this, I swear we never left the state of Florida and we still managed to find some great scenery and fun roads. If you missed it, check out all the pictures online and be sure to join us next year!

Our next overnighter to Breezy Palms is leaving on September 12th and is sure to be an equally memorable event. The choice of roads getting there may be a bit limited compared to central FL, but I'll bet we can make up for it with Beach, Pool and Tiki Hut activities.

We're down to about 60 days (or less) to the start of the Florida State HOG Rally! Be sure to join us in Fort Walton Beach on October 21st through October 25th. Register online at [www.flstatehogrally.com](http://www.flstatehogrally.com). Also be sure to make your hotel reservations right now as they sell out fast (1-

800-874-8962 or online). By the way, our new favorite photo bomber, DH will be there and I'm pretty sure he knows how to have a good time. If past rallies are any indication, you will have a fantastic time and you might even be able to use the phrase "Making Memories" along the way.

I'll look forward to seeing you on an upcoming ride!

Our chapter just keeps getting better and better! If you have any feedback on things you like or things you would like to see changed, please don't hesitate to let me, or any member of the board know. We're all here to make this the best HOG chapter around.

Ride Safe!
